

# SOUTH REGION ASSESSMENT FOR CHEMICAL EXPOSURES (ACE)

## SHARE YOUR THOUGHTS AND EXPERIENCES!

Through November 22, 2024, people who live, work, or recreate near the Tijuana River Valley and Imperial Beach can fill out a survey called **Assessment for Chemical Exposures (ACE)**.

- The County of San Diego, in partnership with the Centers for Disease Control and Prevention/Agency for Toxic Substances and Disease Registry, is investigating health concerns and impacts from exposure to sewage and pollution in the Tijuana River Valley and surrounding communities.
- Your input will help us better understand the health status, experiences, and needs of the community.
- The survey may be completed by caregivers, parent(s)/guardian(s) for each of their minor children or family members who cannot complete the survey on their own, as well as for themselves.

## CALL US

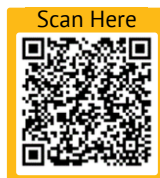

### FOR OLDER ADULTS AND OTHERS WHO NEED HELP COMPLETING THE SURVEY:

Call **(800) 339-4661** to take this survey over the phone. This survey is voluntary and confidential.

To complete survey online, scan the QR code with a mobile device:
