

# Apiary Information

## 2024 San Diego County

### Crop Report Questionnaire

Dear Beekeeper,

Your input in the 2024 San Diego County Crop Report Questionnaire can lead to direct benefits for your business, from policy improvements to targeted technical assistance that supports the beekeeping industry.

Why should you take a moment to fill out this questionnaire? Farming organizations, government agencies and advocates use your response to evaluate the value of apiary products, as well as the risks and impacts from bee losses due to disease, catastrophic events, and market changes that can directly affect you.

This questionnaire is the sole source of data for apiary products in San Diego county. The more responses we receive, the clearer the picture we can provide to decision-makers, which ultimately benefits you. By completing this form, you help ensure that the gross value of apiary products is accurately represented and considered when policies are developed.

The information you provide will remain confidential and anonymous, with only your zip code needed. The final data will only be used for compiling the 2024 Crop Report and will not be shared with any other agency.

To help us shape the future of agriculture in San Diego, **please complete and submit your questionnaire by February 28, 2025**, using the enclosed envelope, FAX, or email.

Even if you are no longer in business but produced apiary products in 2024, your data is still valuable. If you've already submitted a 2024 questionnaire, please disregard this request.

Thank you for supporting the agricultural community and helping ensure that San Diego's apiary production gets the recognition it deserves. Your participation makes a difference!
