**Sent:** Saturday, February 10, 2024 2:15 PM  
**Subject:** Request for Policy Recommendation Pertaining to Documentation of Food Allergies During the Intake Screening Process

CLERB members,

In reference to your request for a policy recommendation to capture known food allergies on intake screening documents, Briana expertly referred us to the location where “current allergies” are noted during the intake screening process (see screen snip below):

Current Allergies

No Known Drug Allergy, No Known Food Allergy

The case in which the above snip was captured is one of the few situations, however, where “no known food allergy” is documented. Usually it simply states, “no known drug allergy.” We will move forward a recommendation to specifically address “food allergies.”

Finally, I reviewed all records for the case resulting in this recommendation and there was clearly nothing mentioned pertaining to food allergies, although “no known drug allergies” was noted a few times.

Just keeping you folks in the loop,  
Paul

Hello CLERB members,

This is to update you that I mailed the meeting packets containing the agenda and 21 reports via certified mail. We were advised that you would receive the packets tomorrow, but no later than the day after tomorrow. Please reply to this email confirming the receipt of your packet.

On another note, Bonnie Kenk will bring Pizza for everyone on that evening.

**A FRIENDLY REMINDER: You must return all physical copies mailed to you when you come to your next CLERB meeting.** I will retrieve the copies from you after the closed session. No one is permitted to keep copies of the reports in hard copy or electronic format or share them with anyone.

Please let me know if you have any questions.

## Hakak, Nawras

---

**From:** Hakak, Nawras  
**Sent:** Friday, March 29, 2024 11:23 AM  
**Cc:** Setzler, Lynn M; Aldridge, Lenore; Chiesa, Briana; Bohan, Ellen; Klew, Spencer; Wigfall, Claudia  
**Subject:** Detention Facility BWC Policy  
**Attachments:** i20.pdf  
  
**Importance:** High

Good morning CLERB members,

During our last board meeting scheduled for March 26, 2024, we received a request to check the SDSO detention facilities policy and procedure regarding the BWC activation expectation. Attached is the policy for your records. For your quick reference, please see the highlights below:

### III. OPERATION AND ACTIVATION

A. Deputies shall keep their BWCs in stand-by mode while on duty, unless they are in a confidential setting as identified by this policy, SDSO Policy and Procedure 6.131 or directed otherwise by a supervisor.

B. Deputies shall activate their BWCs in accordance with San Diego Sheriff's Department Body Worn Camera Policy and Procedure 6.131, as well as whenever possible, prior to engaging in and for the entire duration of the performance of the following duties:

1. Any movements or escorts of incarcerated persons from one area to another (cell movements, between housing modules, holding cells, visitation, courts, from intake or to final release, etc.)
2. Entering a cell, dormitory housing, or holding area occupied by an incarcerated person. These situations include, but are not limited to:
  - a) Conducting a count
  - b) Serving meals
  - c) 11-53 Safety Checks
  - d) Enhanced Observation Housing, Safety Cell or Sobering Cell Checks

1.20 BODY-WORN CAMERAS Page 4 of 7  
#22/23

- e) Contacting an incarcerated person who is inside of their cell, including conversations through a window, door, or food flap.
- f) Contacting an incarcerated person who is inside of a dayroom or recreation yard area, whether inside of the dayroom or through a module/recreation yard door (see the next section for exceptions related to direct supervision modules, or contacts made with an incarcerated person from inside of a deputy/control station).
- g) Medical emergencies
3. During the intake/booking process.
4. Searches of any housing areas, cells, dorms, etc.
5. While supervising any incarcerated workers.
6. While placing or removing an incarcerated person into or from a transport vehicle for any purpose including but not limited to movement between facilities, courts, or to the hospital. This includes incarcerated person transports performed by the Prisoner Transportation Unit if so equipped with BWC's.

C. Deputies assigned to work in a position where "direct supervision" is employed, are not required to leave their BWC recording while at the deputy station. BWC activation is not required for incidental contact with incarcerated persons in the immediate area of the deputy station. Upon leaving the deputy station, the BWC should be activated in accordance with the rest of this policy.

D. Uniformed deputies working facility control positions, where no incarcerated person contact regularly takes place, are required to wear a BWC but are not required to activate it unless they enter an area where contact with an incarcerated person may occur or anticipate performing a task primarily involving the supervision of incarcerated persons. BWC activation is not required for incidental contacts made with incarcerated persons directly at the facility control position, such as those with access ports into the dayroom where incarcerated persons may be present.

E. Deputies providing security for medical staff during instances where medical or psychiatric services are being provided to incarcerated persons shall ensure their BWC's are activated in accordance with the rest of this policy. Deputies may record patients during medical and/or psychological evaluations by a clinician or similar professional during treatment, when necessary, by law or to preserve evidence. This includes during PERT clinician interviews. Deputies shall be sensitive to patients' rights to privacy when in a hospital or medical facility setting in the community and attempt to avoid recording persons other than a victim, witness, suspect or incarcerated person(s). HIPAA privacy rules apply to the release of medical information; they do not apply to recording within jail facilities.

F. Deputies shall not intentionally record incarcerated persons while the primary task they are performing involves conducting a strip search, standing by while an incarcerated person is speaking with their attorney, or standing by during an incarcerated person's use of a toilet or shower. These are confidential settings.

I.20 BODY-WORN CAMERAS Page 5 of 7  
#22//23

G. Nothing within this policy is intended to prevent a deputy from activating their BWC any time circumstances arise which dictate the need for BWC activation, such as an incarcerated person becoming uncooperative and/or resistive during a contact, or other situations where recording a contact becomes reasonably necessary or the resulting recorded data is likely to hold evidentiary value.

**Thank you,**
