Hi All – How convenient. We briefed on the Soitec applications today. An updated energy project (and status) map was one of the follow items. Mindy/Ashley will follow up with you. Thx

Hi Joe,

Any chance to help Donna obtain a map in the below request? I'm wondering if the map we had you work on a few months ago would suffice.

Thanks, aw

Hello Adam

Can you help us get secure updated County generated maps showing all the energy / transmission projects planned in the rural East County and rural projects Countywide?

This should already be happening for the Comprehensive Renewable Energy Plan.

Please confirm you received this message and request

Thank you!
