

Gary Greening is a local small business owner in Carlsbad California. The Carlsbad City Council unanimously appointed him to the Palomar Airport Advisory Council to serve as a committee representative from the City of Carlsbad. Gary's motivation to volunteer for the PAAC Committee is ensuring quality of life in North County San Diego. He is interested in influencing the Committee to be more aware of the need for better noise abatement and environmental air quality.

Gary has been a local Carlsbad homeowner for 8 years and lives in the Heron Bay / Spyglass Hills Home Owners Association which is directly across from the Palomar Airport traffic pattern. He has become familiar with the issues and frustration of other airport neighbors. He is married and has two sons.

Gary has been in regular attendance at the PAAC meetings for the last three years where he has become familiar with PAAC functions and the impact it has on the local community. He is a frequent attendee at Carlsbad City Council Meetings to discuss topics regarding the airport, traffic, parks, zoning as an advocate for the community.

Gary earned his Bachelor of Science degree in Electronic Engineering from Arizona State University. Following graduation he began working at IBM Endicott N.Y. as a customer engineer. Then he relocated to Honolulu Hawaii and accepted a District Manager's position with Motorola Communications and Electronics. He was responsible for providing 2-Way Radio Systems for the government and commercial marketplace. Gary then founded Pacific Datacom Systems Inc in San Clemente CA. which provided him with 30 years experience in computer networking and RF communications. During his career Gary has earned several industry engineering certifications in the field of RF design for radio communications and cellular networks. He has been a member of IEEE for many years.

Mr. Greening served in the U.S. Army Strategic Communications Command based at Fort Shafter, Hawaii. His military MOS was Crypto Communications where he held a TopSecret clearance.

Since moving to Carlsbad, he has volunteered as a DAV driver for the Oceanside VA hospital. He is devoted to helping the community and has served as the President of his HOA Board of Directors.

Gary currently is the owner of Pacific Services Inc, a telecommunications consulting company that specializes in wireless Cellular infrastructure systems for commercial buildings.

Gary feels that he can bring a balanced perspective to the PAAC Committee as a business owner and local Carlsbad resident.
