The Board of Supervisors (Board) of the County of San Diego ordains as follows:

A Tier 1 rate is applied to water deliveries greater than zero and up to four hundred cubic feet (HCF) per month. A Tier 2 rate is applied to the water deliveries above four HCF per month.

The customer shall pay a non-refundable administrative fee of \$200 at the time of application. Water can only be drawn from a metered connection designated by

DPW staff, with a temporary water meter to be provided by DPW staff.

Section 4. WATER METER INSTALLATION FEE. This fee shall be imposed for costs to install, re-install, or relocate a water meter, or to increase or decrease the water meter size. Labor and materials will be charged at cost. An estimate of costs will be provided in advance, and payment of 75% of the estimated cost shall be paid prior to installation. The remaining fee shall be billed on the next statement.

b **San Diego Local Agency Formation Commission Fee(s).** In addition to the fee established in Section 8(a) of this Ordinance, customers seeking annexation or detachment of property to CSA No. 137 shall pay any fees determined by San Diego Local Agency Formation Commission. If the proposed annexation is discontinued, the annexation fee shall be refunded upon written request.

SECTION 9. WATER REPAIR CHARGES. Charges for any other work not previously specified will be completed on a time and materials basis. The estimated cost of the service must be deposited with the County prior to the commencement of work.

SECTION 10. LATE FEE ON PAST DUE ACCOUNTS. Payments must be received in full by the date posted on the statement. A late fee of 10% will be charged and added to the outstanding balance of any account not received by the posted due date. Notwithstanding any other provisions of this ordinance, the water service charges may be collected on the tax roll in the same manner and together with the general taxes of the water system as described in the San Diego County Water Service Ordinance.
