

Current Permitted County of San Diego Ambulance Providers

County of San Diego Ordinance 10274 regulates ambulances, air ambulances, and non-emergency medical transportation services. The Ambulance Ordinance sets required operational, administrative, and other standards for these companies.

A County of San Diego permit is required to furnish, operate, conduct, maintain or otherwise engage in, or offer or profess to engage in one of these regulated services within San Diego County.

The County of San Diego EMS Section issues annual permits to:

- ambulance companies
- critical care transport providers
- air ambulance services
- non-emergency medical transportation services (e.g., wheelchair vans, gurney vans, and ambulettes)

The annual permit process includes reviewing service requirements, including vehicle and equipment inspections.

This report provides contact and permit status information for all current service operators.

Additional information is available at the [San Diego County EMS Office webpage](#).
