Dr. Chris Kahn is a Professor of Clinical Emergency Medicine at the University of California, San Diego, where he serves as the medical director for Emergency Management. He is the Chief Medical Officer for the City of San Diego Fire-Rescue Department. While completing his fellowship in Emergency Medical Services and Disaster Medicine at the University of California, Irvine, he also served as the medical fellow for the Office of EMS at the National Highway Traffic Safety Administration, working closely with federal experts on 9-1-1 and EMS system development.

Dr. Kahn's research interests include injury prevention, mass casualty management, and the use of data to inform advances in EMS system design. He is a dedicated advocate for EMS professionals and patients, and serves on the National Association of EMS Physicians Advocacy Committee and the board of directors of the NAEMSP Political Action Committee. Locally, he worked with legislators and sponsors to successfully enshrine quality assurance protections for EMS personnel into California law, effective January 2025.
