I. Welcome and Introductions

Piedad Garcia, Adult Older Adult (AOA) Deputy Director

Yael Koenig, Children Youth and Families (CYF) Deputy Director

- The Transitional Age Youth (TAY) Workgroup has officially transitioned from a workgroup into a Council. Co-chairs will be announced once they have been selected.
- **Hepatitis A Outbreak update:** Homeless communities have been largely impacted by the Hep A outbreak. To date, there have been 17 deaths caused by Hep A in San Diego County.
- In July 2017, approximately 40 Homeless Outreach Workers (HOW) were embedded into the Substance Use Recovery Centers to outreach to homeless in the communities within the regions. For Homeless Full Service Partnership (FSP) ACT Programs, there are approximately 13 FSPs specifically for outreach and engagement to homeless with a Serious Mental Illness (SMI). An estimated 1,500 homeless have been housed through the FSP ACT programs.
- The **CO-19 Report assists Behavioral Health Services in** identifying individuals who are touching the system in terms of urgent and/or emergency services but are unconnected to ongoing treatment and services in our system of care. These individuals are usually found in jail, emergency rooms, or through PERT. Once these individuals are identified, ACT teams are asked to search and engage them within the system of care for treatment, services or referrals.

II. April 10, 2017 Meeting Minutes & Analytics - Approved

III. Director's Report (Alfredo Aguirre)

National Updates

- The second effort to Repeal and Replace the Affordable Care Act (ACA) was unsuccessful.

Local Updates

- The AB-1250 bill to restrict Counties from contracting services out has been currently stalled.
- The Drug Medi-Cal Organized Delivery System Implementation Plan has been approved by the Department of Health Care Services. Once the fiscal plan with proposed rates has been approved, a Board Letter will be drafted to the Board

- of Supervisors to give County the authority to contract with the Department of Health Care Services. The County is looking at a possible start date of July 1, 2018 and is currently working to get current alcohol and drug providers certified, as well as recruit new providers.
 - Local Roadmap Activities: BHS has been working to consolidate roadmap and how to frame priorities to be more aspirational and strategic. Once the new version of the Roadmap with COR strategies has been finalized, it will be released to the community to discuss major accomplishments.
- IV. **MHSA Update** (Adrienne Yancey/Martin Dare)
- Community Forums Update: This year, two large community forums, 13 focus groups and two tele-town halls were conducted to gather community feedback. The feedback received from the forums and focus groups will be used to develop next year's Annual Update.
 - The Three Year Plan will be presented to the Board of Supervisors on October 10th. Proposals to increase three Innovations programs will be included in the Board letter: Urban Beats, CREST and Peripartum.
 - On October 26th, the proposals for Urban Beats, CREST and Tele-mental Health will be presented to the Mental Health Services Oversight and Accountability Commission for approval.
- V. **Council/Workgroup Updates:** *Updates were printed and included in attendee packets.*
- A. CYF Council (Renee Cookson/Violeta Mora)
 - B. TAY Council (TBD)
 - C. Adult Council (Jeffrey Najarian/David Armstrong)
- VI. **Homelessness Impact Across the Lifespan**
- A. 10 Year Roadmap
 - B. Impact Across Lifespan Data
 - C. Short Term/Long Term Strategies BHS Housing Council
Activity: Attendees wrote ideas for short term and long term housing strategies. Responses will be compiled and sent out to Councils and will be discussed at the next Joint Council meeting.
 - D. Alternative Housing Solutions Presentation (Ellen Stone)
 - Tiny Home Subcommittee goals:
 1. Set up a demonstration project including several tiny homes for community to see/tour
 2. Work on plans for a permanent tiny home village pilot project
 - **Alternative Housing Solutions Event** in partnership with the American Institute of Architects (AIA): *How ADU's, Tiny Homes and Modular Dwellings can help address San Diego County's Homelessness and Housing Affordability Crisis*
 - **October 26-28, 2017 at Market Creek Plaza: 310 Euclid Ave, San Diego, CA 92114**
 - A variety of small housing alternatives will be on display along with a workshop. Purpose is to inform and engage community in small housing alternatives.
 - The several types of small housing alternatives:

- Accessory Dwelling Units (ADU – also known as Granny flats): a second small dwelling attached to or on the same grounds of a regular single-family home. Several bills have adopted legislation to reduce restrictions on building ADUs.
- Tiny Home: self-contained housing unit between 100-400 square feet meant for permanent housing.
- Sleeping Cabin: similar to Single Room Occupancy (SRO), meant for temporary housing.
- Modular Dwelling: prefabricated/factory-built housing providing reduced housing costs through mass production.

VII. **Closing Announcements**

- Question regarding if families moving from house to house with no permanent address would be considered 'homeless' even though they would not identify as homeless. Most provide an address at point of contact but case managers later discover it was not a permanent address – could this contribute to a possible underrepresentation of amount of homeless in Children's system? Recommendation to address that piece in Children's area.

VIII. **Adjourn**

*****Please note: All three Councils will go dark in October 2017.**
