A graphic of a spotlight with a yellow beam of light shining downwards. The word "Spotlight" is written in a large, black, cursive font to the right of the spotlight.

## Spotlight

**July 2019**

- Review the complete [SchoolLink](#) training program.
- Print the newly updated [SchoolLink forms](#) and discard all old versions.
- Review the [Annual Meeting](#) module and start coordinating your 2019-20 annual meetings.

Thank you [SchoolLink](#) providers and school staff for your constructive feedback on the SchoolLink training, forms and brochures.

We incorporated many of your suggestions, and the SchoolLink training program and standardized forms are now updated for the 2019-20 school year. Some of the most significant changes include:

- The [SchoolLink](#) Poster and Brochures are now available in Spanish, Arabic, Farsi, Tagalog and Vietnamese.
- The [SchoolLink](#) Referral Form was reformatted to provide more space for the reason for the referral and eliminate unused fields.
- The [SchoolLink Annual Meeting Agenda & Annual Plan](#) highlight new discussion topics.

This month, please review the complete SchoolLink training. In addition, discard all previous versions of the SchoolLink forms and replace them with the new July 2019 versions. Please contact your supervisor with any questions. The County COR is also available to provide Technical Assistance through your Program Manager.
