

PUBLIC HEALTH NURSE RESIDENCY PROGRAM

OUR VISION

A professional Public Health Nursing workforce that supports healthy, safe, and thriving communities.

Program Goals:

- Professional nurse development for career advancement and nurse leader development
- Standardized, centralized and evidence-based approach to education
- Provide learning opportunities that foster teamwork and relationship building

Key Points:

- Two cohorts per year (Spring and Fall)
- Promotion from Staff Nurse to Public Health Nurse, after CA PHN certificate is received
- Curriculum includes: interactive lectures/presentations, site tours, departmental rotations, group activities, and evidence-based practice project
