2025. If you have a specific question or need clarification, please email us at

LiveWellEducation@sdcounty.ca.gov.

Topic	Question	Answer
School Legislative Updates	Are we getting these updates via email? Do we share them with admin?	Yes, the presentation slides will be in the follow-up e-newsletter, and you can share them with your admin staff. You can sign up for the e-newsletter here if you haven't already.
Rabies	Is rabies airborne? I thought individuals could only contract it from a bite.	Rabies is not airborne. You must come in contact with an infected animal to contract rabies. The most common way to contract rabies is through scratches or bites from an infected animal. It is less common to be exposed through neurological tissue of infected animals.
