

SCHOOL TRAININGS AVAILABLE FROM THE COUNTY OF SAN DIEGO

The Epidemiology and Immunization Services Branch is offering public health training and support opportunities for schools.

Intended Audience: School and childcare-staff, including nurses, health technicians, administrators, and teachers.

Format: Virtual and in-person training options are available. The trainings are intended for groups, but individual options may be available upon request.

Training Topics Include:

- California Immunization Law
- Immunization Annual Reporting
- Vaccine Preventable Diseases
- Infection Control Practices for Schools
- Overview of County of San Diego Immunization Unit Services
- Childhood Vaccine Schedule Review
- Immunization Skills Training and More

If interested, please scan or click the QR code to complete a training request form, or reach out to the contacts below.

School Immunization Programs (SIP):

Immunization Unit Main Line: (866) 358-2966

Email PHS-IZPHN.HHSA@sdcounty.ca.gov for Vaccine Preventable Disease (VPD) reporting or clinical questions
