

SCHOOLS REQUIRE THE MMR VACCINE! ARE YOU UP TO DATE ON VACCINATIONS?

Two (2) doses of the measles, mumps, & rubella (MMR) vaccine series is needed for childcare and school. Make sure your child is up to date on their vaccinations.

One (1) dose is recommended for pre-school age children, 12 months or older.

Two (2) doses are recommended for school age children, in kindergarten through grade 12.

DID YOU KNOW?

All 50 states have laws that require children starting childcare or school to get the MMR vaccine. For more information, see [California State Vaccine Requirements](#).
