**Non-Diagnostic General Health Assessment Program
 Fee Schedule FY 2024-2025**

Type of Filing Fee	Amount Due
Semi-Annual	\$124
Semi-Annual Fee for Additional Tests	\$27
Semi-Annual Fee for Additional Location	\$84
Annual Maximum Charge per Agency	\$1,101

****Fees are subject to change without any prior notice to the NDGHA operators.**

Semi-Annual General Filing Fee: Payable at the time registration is filed and every 6 months thereafter while **one type of testing** is conducted at a **single location**.

Semi-Annual fee for Additional Tests: Payable at the time semiannual general filing fee and registration form are submitted for each location where an **additional type of test** is to be conducted.

Semi-Annual fee for Additional Location: Payable at the time semiannual general filing fee and registration form are submitted for each assessment program that is conducted at an **additional location**.

Annual Maximum Charge per Agency: Payable at the time registration is filed and every 12 months thereafter. **No limit to the number of assessment programs and locations.**

Type of test: the substance in the blood that is being measured. Includes glucose, cholesterol (total cholesterol and/or HDL and or LDL and/or triglycerides), hemoglobin A1c, and ALT/AST.

Assessment Program: A health assessment program in which a specimen collected from each human subject is tested for one or more substances using a single type of analyzer (e.g. blood cholesterol and blood glucose both tested on a model A6 analyzer manufactured by XYZ Company).

Location: the physical area with a specific mailing address where a health assessment program is being conducted (e.g., a company benefits program health fair).
