

Searching for an Orthodontist

All Delta Dental plan members have orthodontia coverage through the DeltaCare USA Orthodontic Network!

Do I have to choose a DeltaCare USA orthodontist?

Yes, to receive orthodontic benefits, you must use a DeltaCare USA network orthodontist located within California.

What if I'm on the Delta Dental PPO plan?

Delta Dental PPO orthodontic benefit is provided by using the DeltaCare USA Orthodontic Network.

Do I need a referral to use the orthodontic benefit?

HMO plan members do need a referral from their Primary Care Dentist.
PPO plan members do not need a referral and need to use a network provider.

What are my orthodontic benefits?

HMO plan members, see page 10 of the [Delta Dental Summary of Benefits](#)
PPO plan members, review the [Orthodontic Benefits FAQ](#), and share the FAQ with your provider.

What if I have already started orthodontic treatment under a previous plan?

See the [Continuous Orthodontic Coverage Form](#) for more information on continuation of coverage.

Can I still visit any licensed dentist for routine dental cleanings, fillings, etc.?

Yes, HMO plan members need to go to their primary care dentist.
PPO plan member can go to any licensed dentist.

What if I still have questions about my orthodontic benefits?

Contact Delta Dental Customer Service at 877-688-3503 for any additional questions.
