1. Process Improvement Zoning Ordinance Amendment: Wineries & Healthcare Trailers

Project Description: This project focuses on refining processes, clarifying ambiguities, and adjusting regulations in two key areas: Music at Boutique Wineries and certification periods for Healthcare Trailers.

Music at Boutique Wineries: In response to community feedback, the County Board of Supervisors (Board) has directed staff to explore new opportunities for boutique wineries in agricultural zones. The goal is to allow these wineries to host live, amplified music under reasonable limits on hours and types of amplification. These updates aim to expand cultural and recreational opportunities while ensuring that noise impacts are mitigated to maintain harmony with neighboring areas.

Healthcare Trailers: To better support individuals with permanent disabilities, the Board has directed staff to look at extending the certification period for healthcare trailers from one year to five years. This change is intended to streamline processes and reduce the burden of annual renewals for families and individuals who rely on these trailers for accessible living arrangements in unincorporated areas of the County.
