## New eComment for Planning Commission Hearing

Hannah Gbeh submitted a new eComment.

Meeting: Planning Commission Hearing

Item: 2. Ordinance Amendment to the Grading Clearing and Watercourses Ordinance to Streamline the Agricultural Clearing Permit Process; PDS2021-POD-21-005

eComment: The San Diego County Farm Bureau is in strong support of this agenda item. We receive more calls from local farmers struggling with the existing agricultural grading and clearing ordinance than any other regulation in the region. Issues arise when farmers want to expand their farm, start a new farm or experience a neighbor complaint. Local farmers are asking for reasonable and common sense changes to the ordinance that will help keep agriculture alive and vibrant in San Diego. Please vote yes.

It is very difficult to actually access this Ordinance from your e-mail. Wouldn't it be a good idea to put a direct link to it in your notification e-mail itself? We would appreciate it. Perhaps future such notification e-mails could contain links. Thank you.
