Subject: New land Sierra Project

I am very concerned about this proposed project and its impact on our community. I am a Hidden Meadows resident. I am also an owner of 3 horses. My biggest concern is getting out of Hidden Meadows to shelter in a fire. The new project will make the traffic a bottle neck. There are only 2 ways out of here and we have shelter arranged on Deer Springs. I moved here deliberately to avoid crowded conditions and have my horses. I am now considering it may be wiser to move somewhere safer and more environmentally conscious. I love this area but it will change dramatically. We recognize fire is a real issue here and have invested in our own fire department. A project like this will make it inconsequential. Travel, congestion, water issues and change in our community is very real for me. Please fight to protect our open land
Thank you
