

I-161 Phyllis N. Gottshall

- I-161-1** The comment states that the project has not been adequately studied in terms of wildlife conservation, cultural resources, traffic, water, fire, and greenhouse gas. The County disagrees with this comment. The comment addresses general subject areas, which received extensive analysis in the Draft EIR. As the comment does not raise any specific issue regarding that analysis, no more specific response can be provided or is required. The County will include the comment as part of the Final EIR for review and consideration by the decision-makers prior to a final decision on the project.
- I-161-2** The comment explains the purpose of the Hidden Valley Zen Center. The County notes the comment provides background information and does not raise an environmental issue within the meaning of CEQA. The County will include the comment as part of the Final EIR for review and consideration by the decision-makers prior to a final decision on the project. No further response is required because the comment does not raise an environmental issue.
- I-161-3** The County acknowledges the comment letter, and notes it expresses general opposition for the project, but does not raise any issue concerning the adequacy of the Draft EIR. For that reason, the County provides no further response to this comment.
