

### I-363 Carl Skaja (1)

**I-363-1** The comment states the commenter opposes CDFW Land Planning Alternative A because it would reduce the number of residential units and eliminate the Town Center. The comment states this would eliminate amenities and for future residents to Twin Oaks and San Marcos for their daily needs, which would add to traffic problems on Deer Springs Drive. The comment notes this alternative would increase open space by 237 acres “at the risk of causing major burdens to thousands of residents to the west of the project.”

The County acknowledges the comment letter, and notes it expresses general opposition for the CDFW Land Planning Alternative A, but does not raise any issue concerning the adequacy of the Draft EIR. For that reason, the County provides no further response to this comment.
