

Exercise 2 Input – Corridor Priorities

In the second portion of Exercise 2, participants were provided with worksheets showing examples of various potential treatment types for the corridor. Participants were provided with one set of 1, 2, 3 stickers and asked to place them on the treatment examples, in order of priority. In addition, participants were able to apply 'post-it' notes to provide additional comment on priorities.

In the following pages, you will find the scans of this participant input.

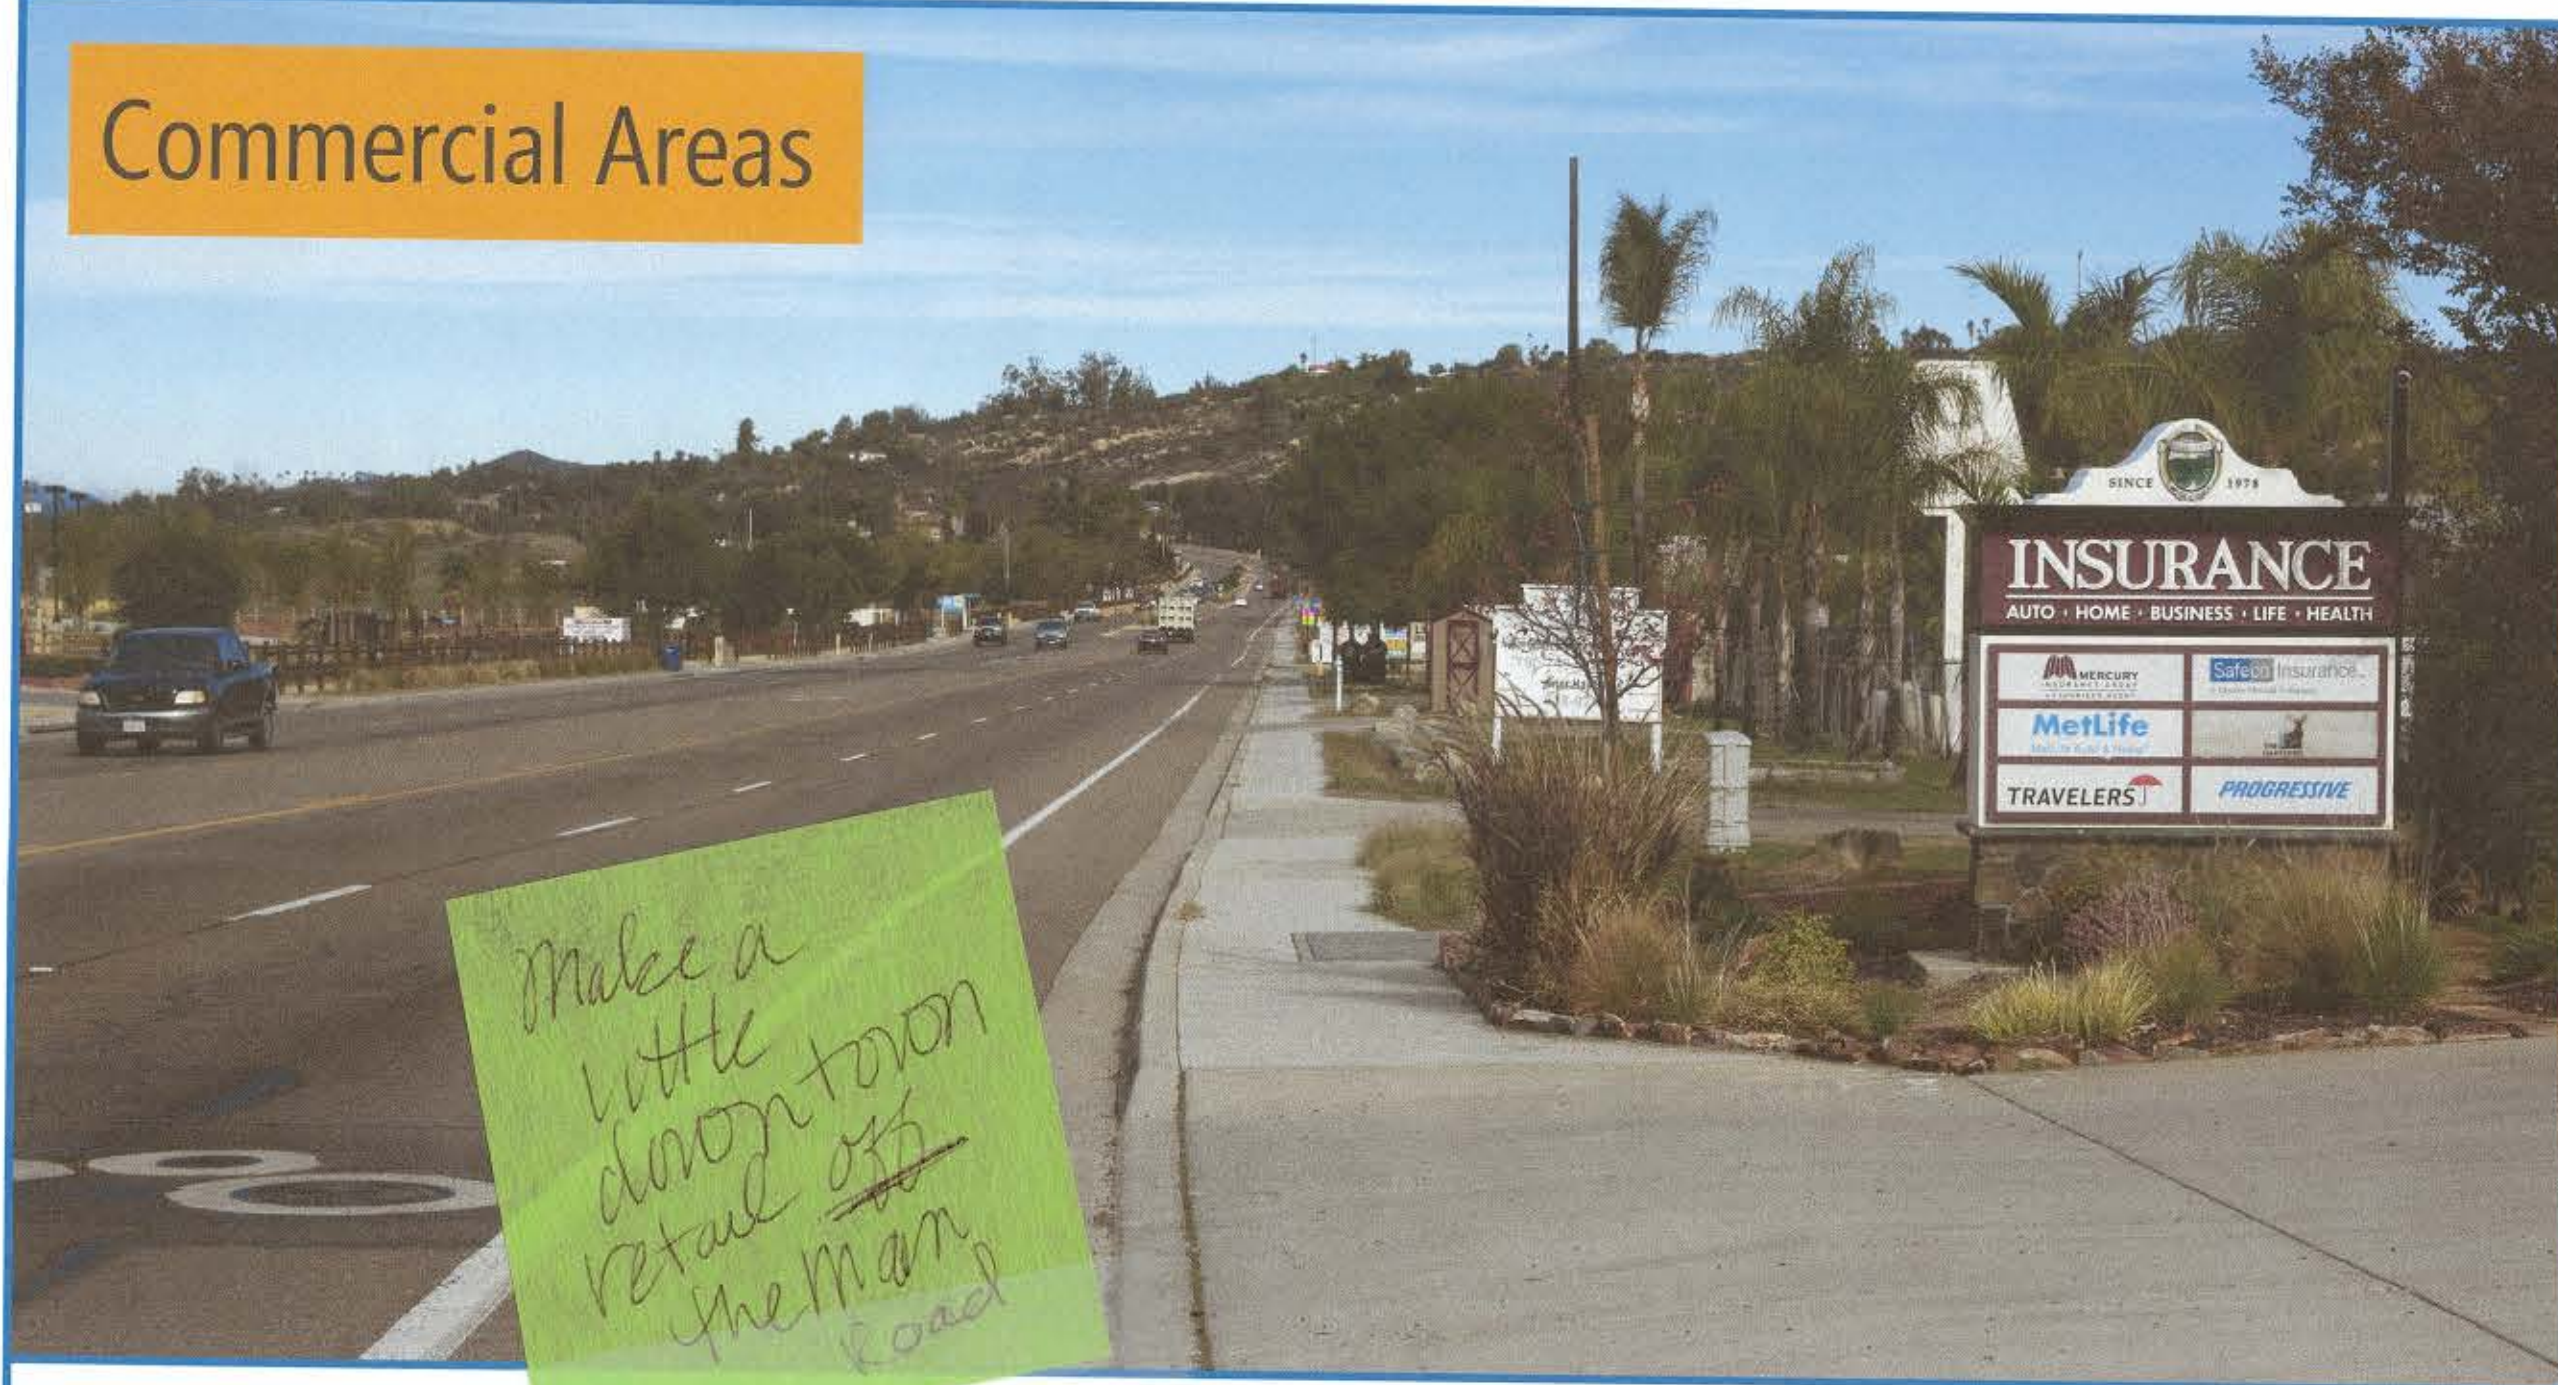

Corridor Priorities

What would you like to see?

Place stickers on the **THREE** improvements you would most like to see on Valley Center Road (1 = highest priority, 3 = lowest priority)

Sam

Commercial Areas

Make a little downtown retail off the main road

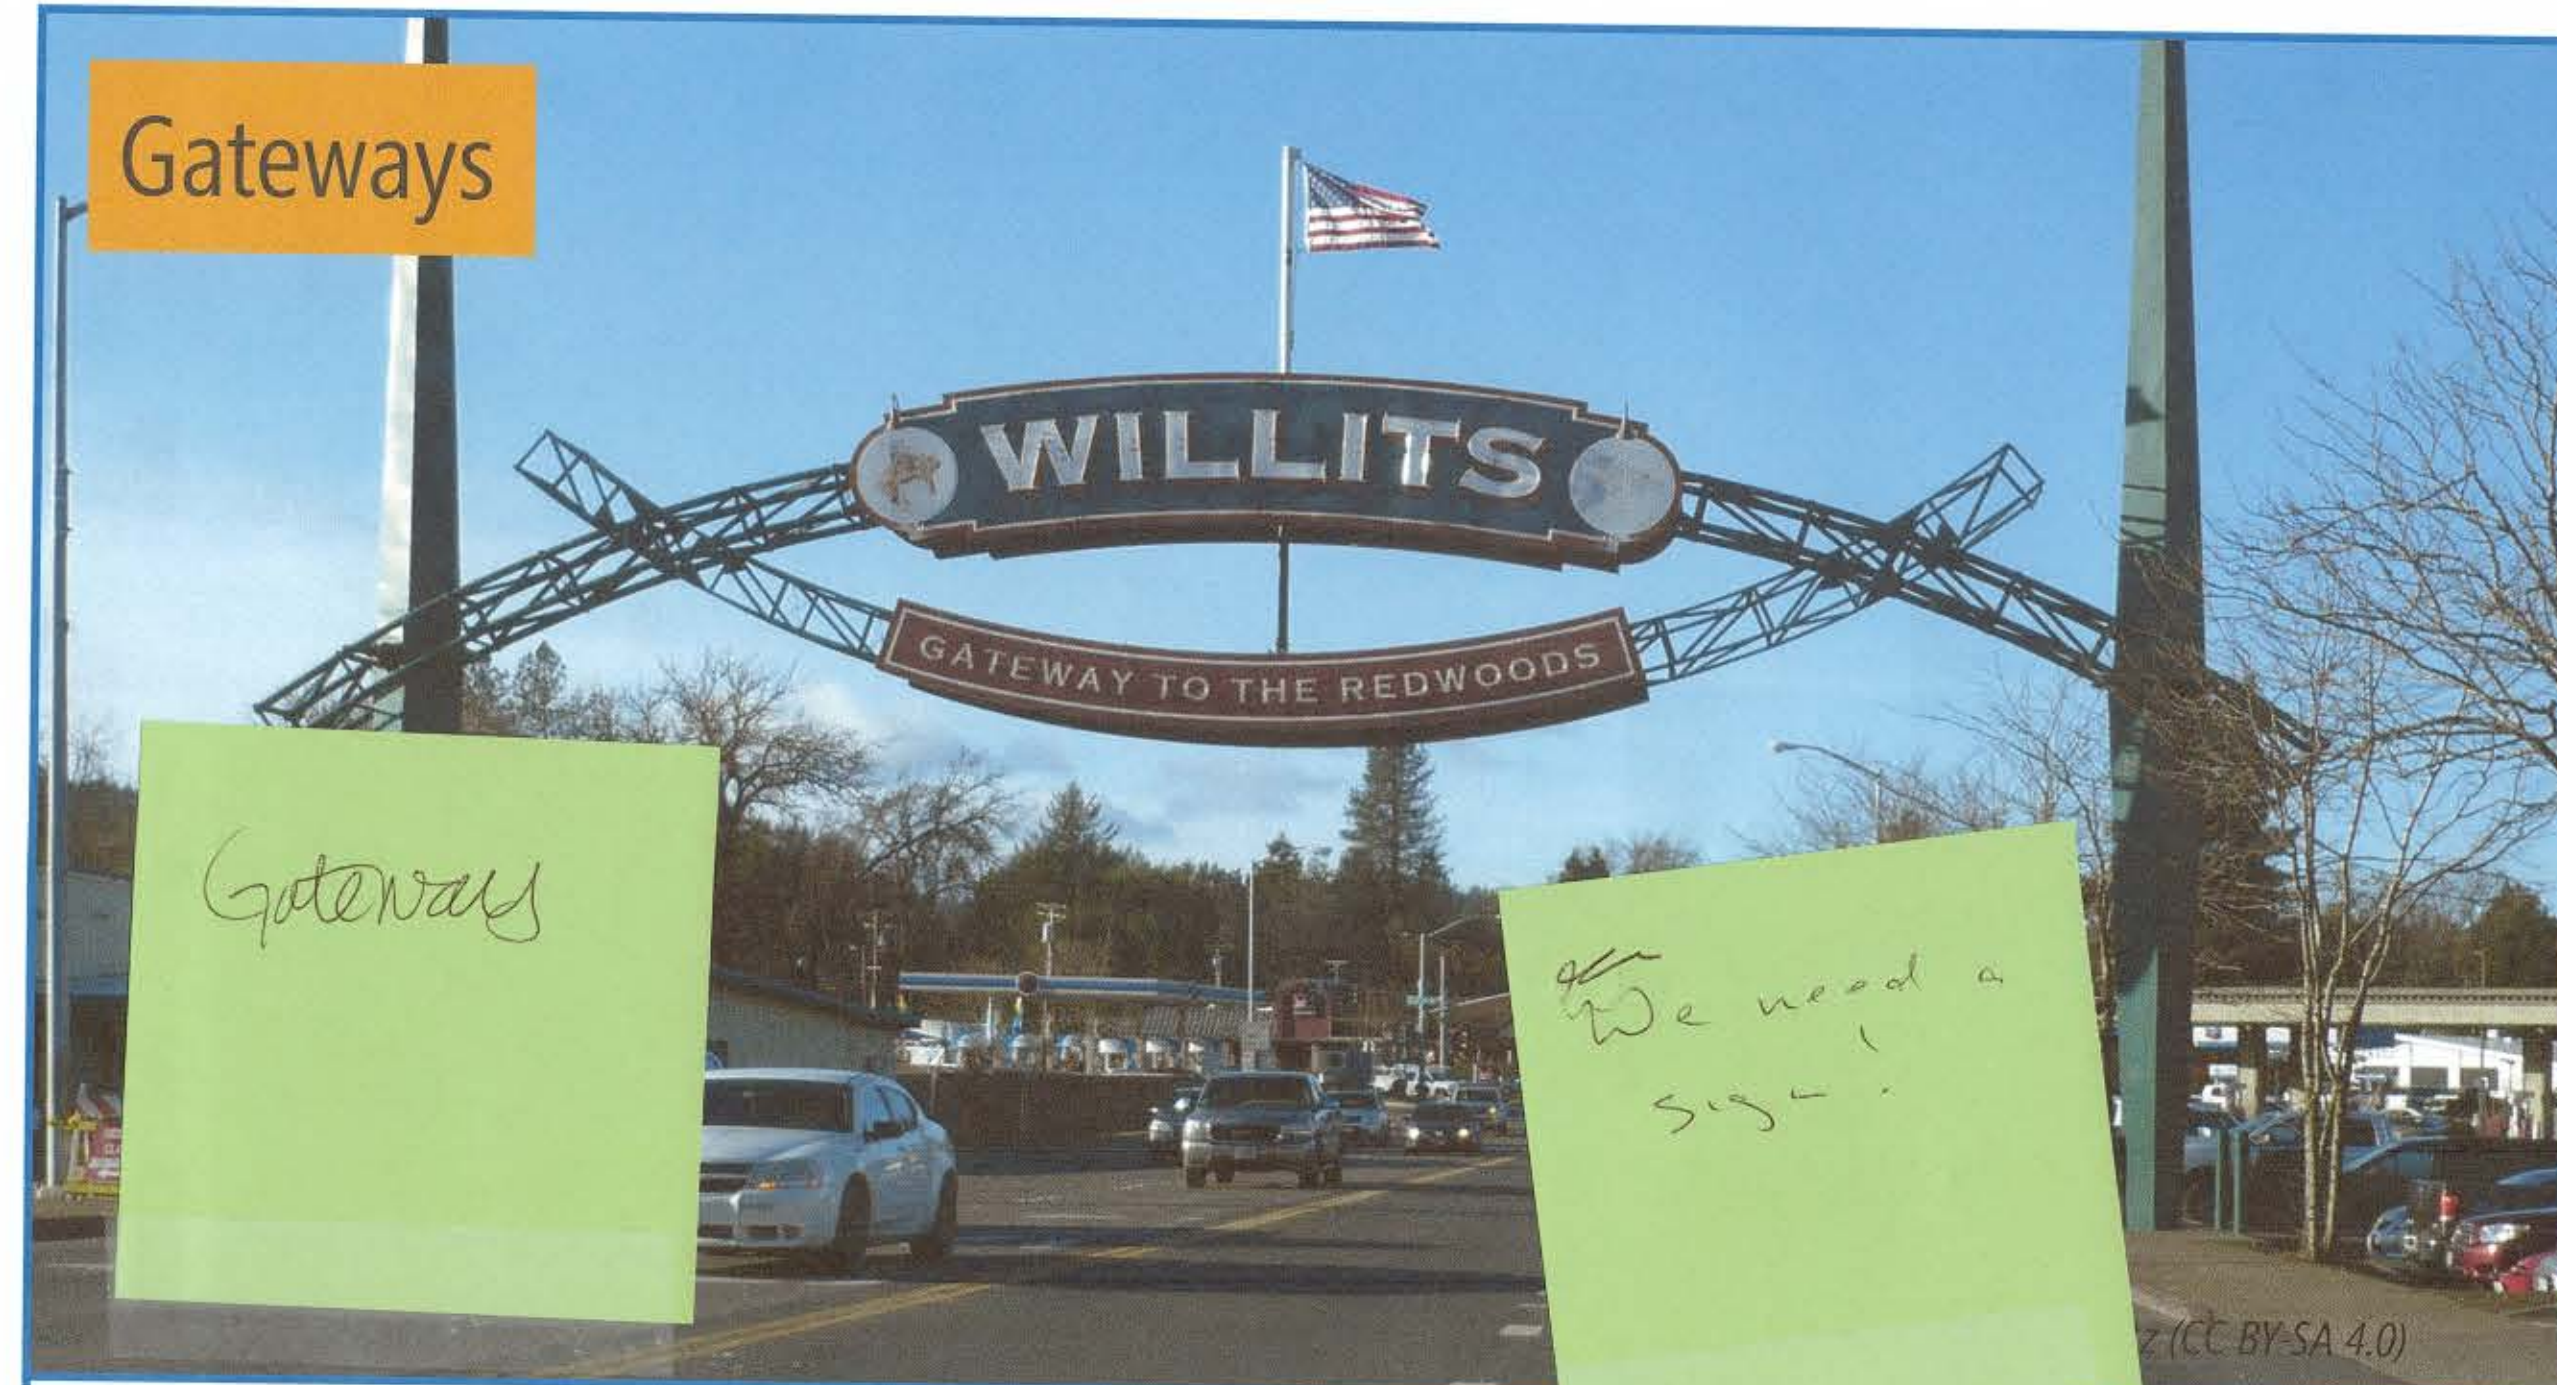

Place stickers here

It would be good to have a serious commercial park area (maybe 7000) - Berkeley style

This is a fairly bad intersection - needs special attention

1

Gateways

Gateways

We need a sign

Place stickers here

2 Great idea! Help people because you have been

Valley Center Community Identification + Traffic Calming Signs

yes

Streetscaping

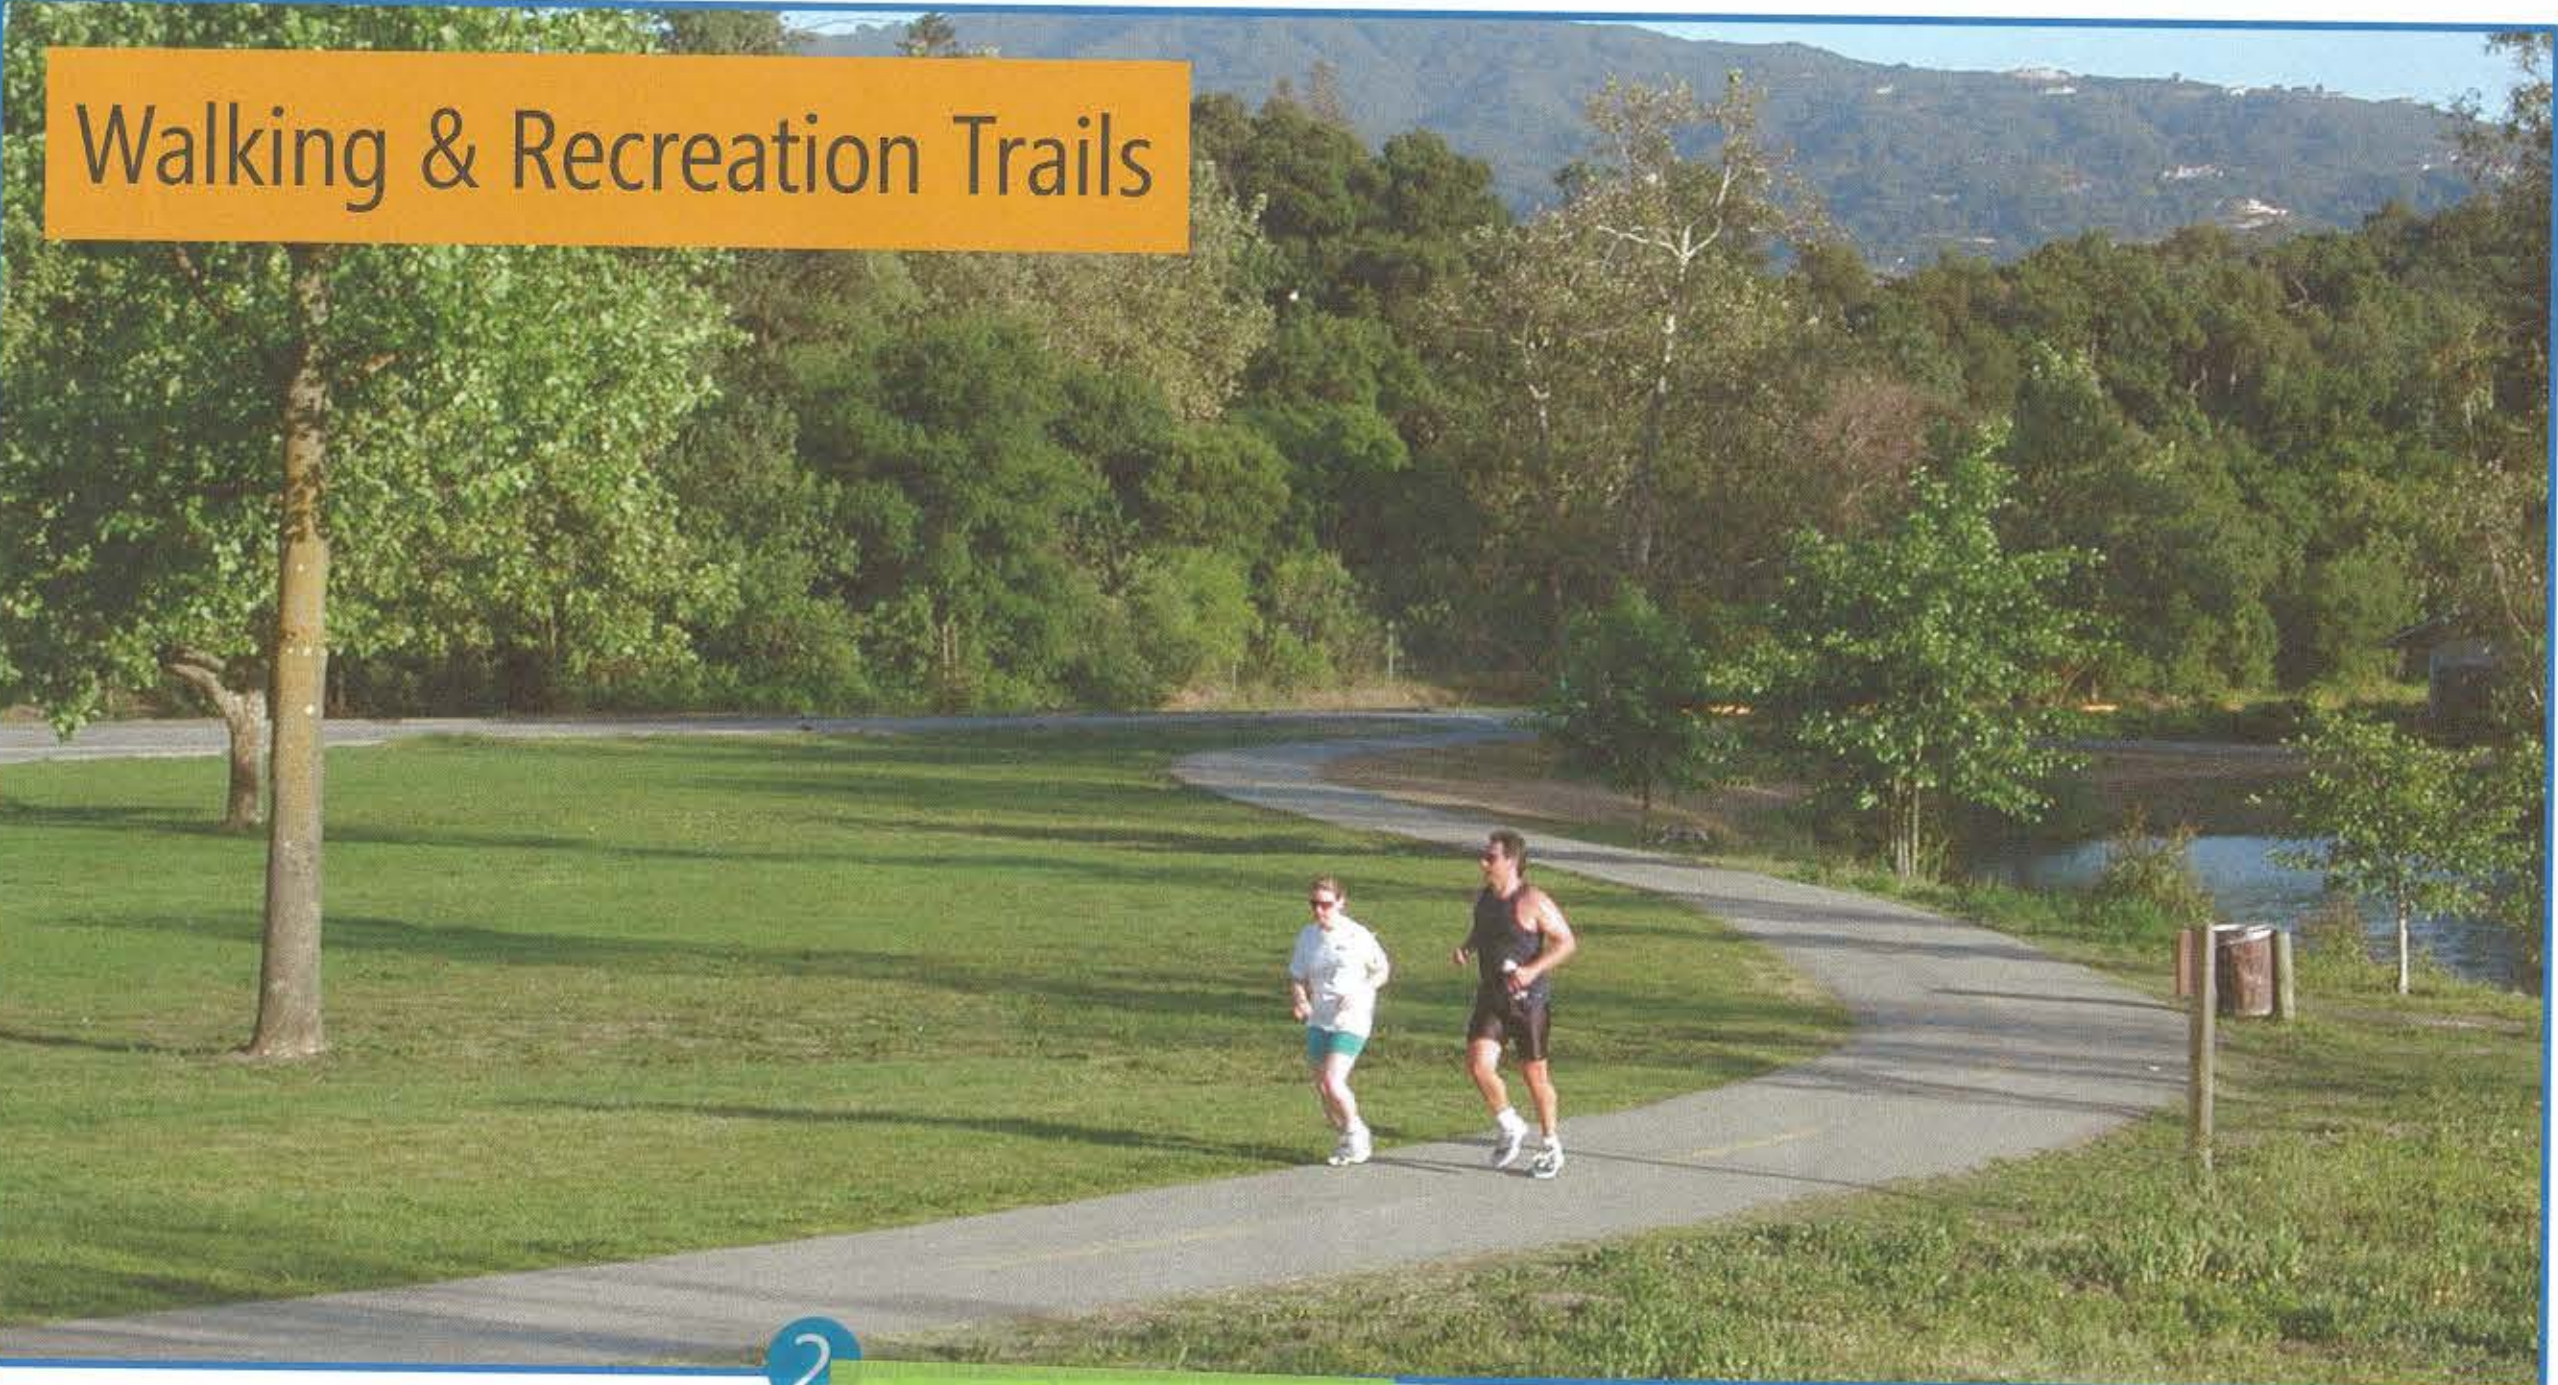

Place stickers here

1 yes!

2

Walking & Recreation Trails

Place stickers here

3 Yes #2 IF off busy roads includes bike path/bike lanes

3 TO include bicycle facilities

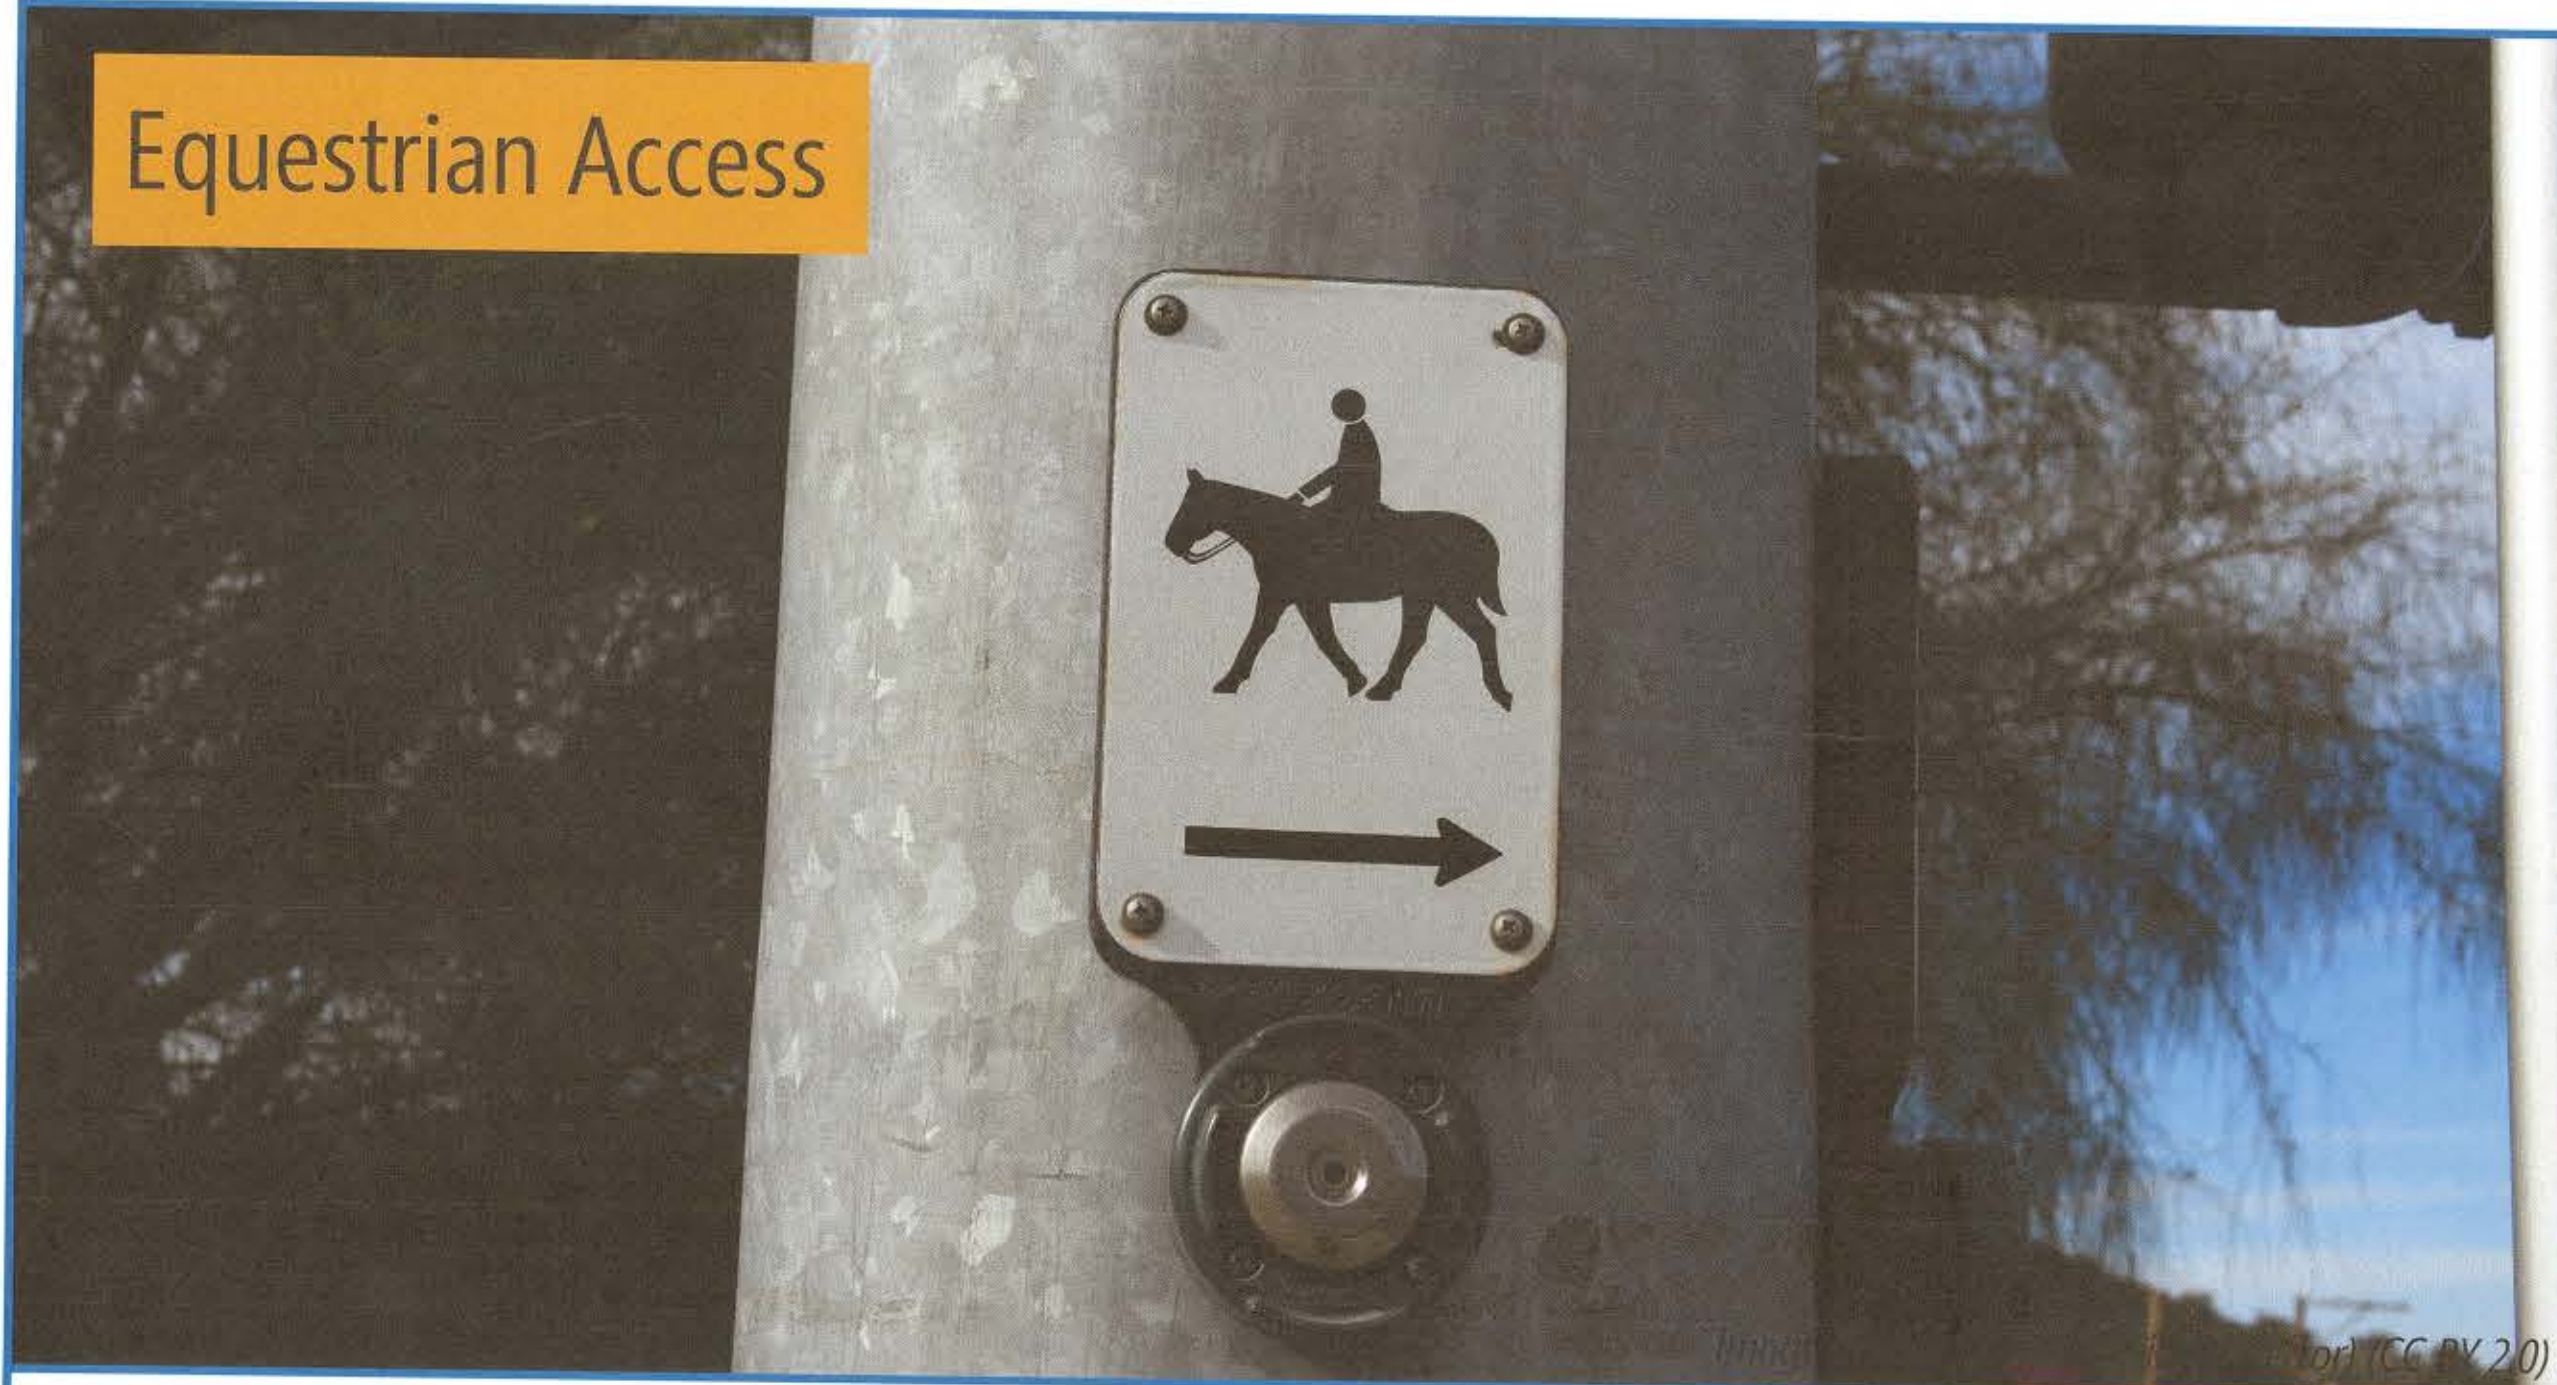

3

3

Equestrian Access

Place stickers here

yes off busy roads

Bicycle Facilities

Place stickers here

I like the concept of a separated bike lane. yes!

Corridor Priorities

What would you like to see?

Place stickers on the **THREE** improvements you would most like to see on Valley Center Road (1 = highest priority, 3 = lowest priority)

Sam

Roundabouts

Place stickers here

As long as they are large enough.

3

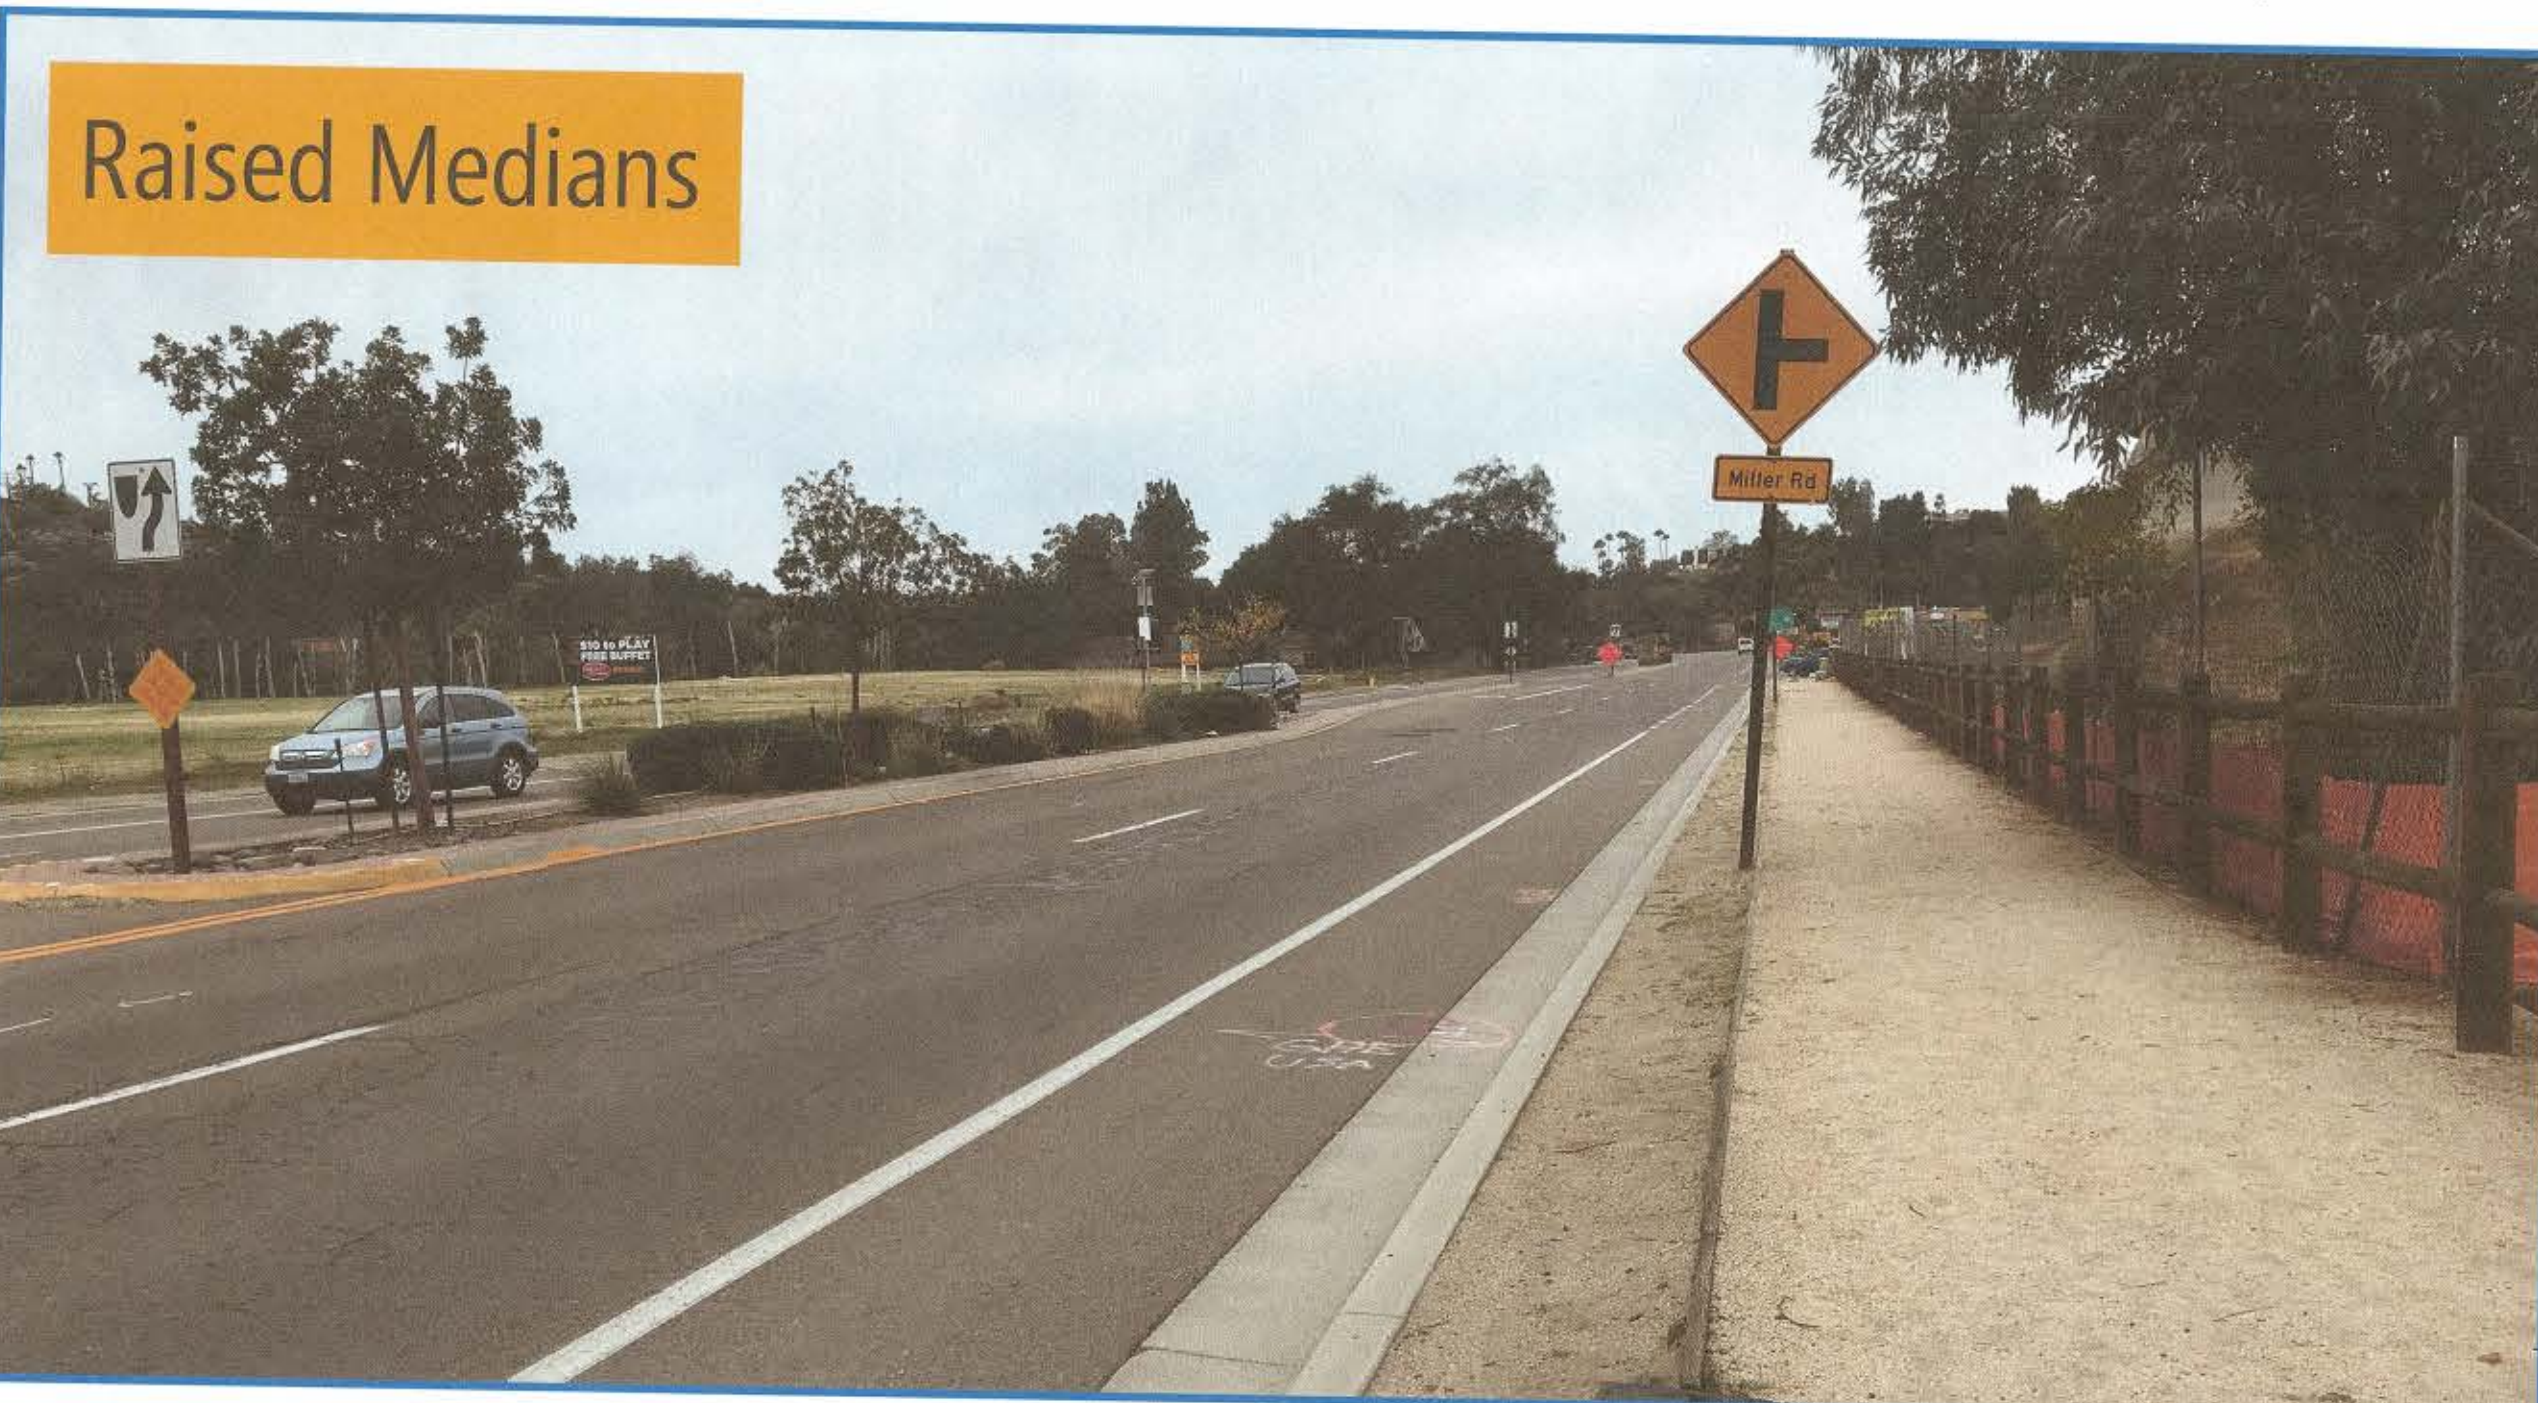

Yes #1

2

Signalized Intersections

Place stickers here

Raised Medians

Place stickers here

No

Yes all used with roundabouts

1

Bulb-Outs

Place stickers here

Mid-Block Crossings

Place stickers here

In my opinion: Good idea. Less conflict points. People (drivers) don't look for pedestrians. Had research.

Corridor Priorities
