

The Board may consider the amendments and options below and: 1) adopt the proposed amendment, 2) modify, remove, or establish new requirements for the proposed amendments, or 3) make new recommendations.

Resource Protection Ordinance Amendments & Options

Consistency Amendments (C-1, C-2 and C-3 can be directed)

Provide direction to update the ordinance and return to the Board for consideration.

- C-1 Replace the RPO Floodway Definition with County Flood Damage Prevention Ordinance Definition and Move Regulatory Text to RPO Floodway Regulations.
- C-2 Replace the RPO Floodplain Definition with County Flood Damage Prevention Ordinance Definition and RPO Floodplain Fringe Definition with County Watercourse Ordinance Definition.
- C-3 Add Legal Nonconforming Uses Definition and Exemption.

Consolidation Amendments (both CO-1 and CO-2 can be directed, if CO-2 is directed, then Consistency Amendments C-1 and C-2 are no longer necessary)

Provide direction to update the ordinance and return to the Board for consideration.

- CO-1 Remove Sensitive Habitat Lands Definition and Regulations.
- CO-2 Remove All Flood Related Definitions and Regulations.

Modification Amendments & Options

Wetland Definition Options (Either M-1 or M-2 can be directed)

Provide direction to update the ordinance and return to the Board for consideration.

- M-1 Clarify how RPO Wetland Definition Relates to State and Federal Wetlands Definitions.
- M-2 Replace RPO Wetland Definition with Regional Water Quality Control Board Definition.

Wetland & Wetland Buffer Options (Either M-3 or M-4 can be directed, both M-5 and M-6 can be directed, OR M-7 can be directed as an alternative to M-3 through M-6)

Provide direction to update the ordinance and return to the Board for consideration.

- M-3 Allow Mitigation for Impacts to Wetlands and Wetland Buffers.

- M-4 Allow Mitigation for Impacts to Wetlands and Wetland Buffers to Comply with County Road Standards.
- M-5 Allow Average Wetland Buffer Width.
- M-6 Conditionally Permit Trails and Pathways in Wetland Buffer.
- M-7 Remove All Wetland Related Definitions and Regulations.
