

# RESOURCE PROTECTION ORDINANCE & GRADING ORDINANCE

The County of San Diego Planning & Development Services (PDS) is hosting a series of webinars to receive input on potential Resource Protection Ordinance (RPO) and Grading Ordinance options. These webinars will cover project background and objectives and provide an interactive forum to answer your questions and collect your thoughts on how to streamline local regulations to expedite the permitting process while continuing to protect the County's unique natural resources and quality of life.

All three webinars will cover the same information, so please pick a date and time convenient for you. Please register for the webinars using the links below.
