Subject: Destruction
Date: Thursday, November 19, 2020 8:37:09 AM

We are writing this email to help “stop” the destruction of sacred Indian land in Jacumba Hot Springs. This is our history! Our ancestors used this area to set up meetings at the crossroads between the trade routes from Mexico to the US. The artifacts that have constantly turned up in this area due to our lengthy presence for generations, culminated in the shooting by the McCains. Now you are adding insult upon insult to our nation with the proposed Robot Solar Farm. Stop now... your time of destruction is over. Thank you, Ayakel Jaguar Quetzalcoatl of the Tolteca Nation
