New eComment for Planning Commission Hearing

Thomas Hennessy submitted a new eComment.

Meeting: Planning Commission Hearing

Item: 3. JVR Solar; PDS2018-MUP-20-008. If you would like to speak on this item call (619) 343-2539 and use ID 4803 576 046#

eComment: As a frequent visitor to Jacumba Hot Springs, I strongly oppose this project. I have made dozens of visits to this town because it's remoteness, quaintness and its feel of old time California. While others went to the packed beaches myself and other families headed to the Hot Springs. Solar panel farms would ruin this for visitors and especially the residents. This town has to routinely fight to prevent child molesters being place in their midst. Now it's foreign corporate invaders. Vote no!
