I really don't want to go tomorrow. Next week would be better.

Hi Eric,

I'm guessing that due to the government shutdown you are currently furloughed. Should we plan on rescheduling the site visit?

Thanks,

Ashley

I am anticipating a government shutdown. If that happens, it is very unlikely that I will be back to work by Wednesday. Certainly, I won't be able to go on the trip if I am furloughed. Unfortunately, all we can do now is wait.

Thanks

Hi Eric,

Do you think will we be holding the field trip as planned? Are you anticipating a FWS closure?
