

Work Furlough and Residential Reentry Center Officer Notification System, Probation Holds, and Warrant Protocols for Escapees

524.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to the Work Furlough and Residential Reentry Center (WF/RRC) Unit to alert law enforcement of the escape status of WF/RRC clients until a warrant is issued.

524.2 POLICY

It is the policy of the San Diego County Probation Department to utilize Officer Notification System (ONS), under the authority of Penal Code § 1208, to alert law enforcement agencies of WF/RRC escapees. WF/RRC staff enter information pertaining to individuals' violations, warrant status, re-arrest status or any information which informs and enhances officer safety. If Probation is contacted by another Law Enforcement agency regarding an ONS rearrest alert, a WF/RRC Probation Officer will make the decision if a rearrest will be authorized.
