Dear Redistricting Commission,
I am against the redistricting of North County. Please leave our county intact. Each city and the unincorporated communities are inner connected and redistricting them would violate our community of interest, meaning we share many common North County institutions like health care entities, youth sports leagues, government agencies and social & cultural institutions. This makes us distinct from the City of San Diego and other places in the county. Another example is the North County Transit and Highways 78 & 76 keeping us interconnected. Our sheriff's departments, fire departments, water districts, and school districts serve unincorporated communities and cities causing overlapping government agencies. I live in an unincorporated area of North County and separating us violates our already established community of interest.
Please, don't redistrict!
Thank you,
Gregg R Mangus
