eComment :

We are concerned that the coastal communities of Encinitas, Carlsbad, Solana Beach and Del Mar are proposed to be incorporated into a district with inland communities, such as Poway. The character, history and environmental concerns of the coastal communities are distinct from the character, history and environmental concerns of inland areas, like Poway. The coastal communities need to retain their distinctive identities and voices....and have the ability to elect legislators who can intelligently represent this unique area. We strongly oppose incorporating the coastal areas into inland districts.
