splitting districts directly violates the very essence of our freedom to vote. There is ZERO sensibility in breaking up any districts and to assign districts who have clearly voted for their County Supervisor. Breaking up districts will affect our long standing relationship with our County Supervisor and former Senator Joel Anderson.

As a governing school board member of Cajon Valley Union School District, we frequently resource the county for decision making. I voted FOR JOEL ANDERSON TO BE OUR SUPERVISOR to work with and maintain a working relationship.

By Jerrymandering the lines is stealing votes from his constituents.

THIS NEEDS TO STOP IMMEDIATELY.
