I've lived in Ramona for 21 years. My husband and his family have lived here for decades.

We love our small country town and the nearby backcountry towns.

Ramona is such a special place. People that move here from small country towns back east always say it reminds them of home. We have our own grocery stores, restaurants, and businesses that allow us to shop local. We don't need to leave the hill.

Please, don't change this!
