Dear Commissioners,

I sent my comments in earlier with specific details on how cities and the counties work together and I mentioned support of Map 9 with some modifications, however, it has come to my attention of a better proposed map. The map can be found on <https://www.sdcountyredistrictingmap.org/supervisors>

This map has a balance that encompasses a better inclusion of east county and I would strongly suggest you look at this map. It is very similar to Map 9 but includes the addition of northern east county and without the inclusion of City of San Diego, which is definitely not east county.

Thank you again for the opportunity to provide input and for your time and consideration.

Respectfully,
Kathleen Hedberg
