eComment :

I want to thank the Commission for making changes after the meeting on Nov. 1st that have a major impact on the East County. Maps 9 and 11 both have good components. For the South-East County, I prefer Map 9 because it removes us from the Chula Vista area and adds El Cajon, La Mesa, Lemon Grove, Crest, and Lakeside to our area. I would like to REMOVE the area west of La Mesa and Lemon Grove and pick up Santee. This would make a good Map 9.

I also like Map 11 second best. It includes more of the Rural East County but we have less connections to the northern part than we do to the El Cajon area.

I understand that the East County Chamber of Commerce is supporting a NEW map that comes very close to Map 9 with my suggested changes. This NEW map could be the best of the three.

Thank you for listing to the comments from the East County.

Larry Johnson, Campo.
