eComment :

Hi my name is Mazin esho. I am a member of the Chaldean community. I've lives in El Cajon and rancho San Diego for 28 years. Our Chaldean community is very important for me. Please keep El Cajon in the east county. El Cajon is the pillar and the heart of the Chaldean community. Chaldeans live in all of east county. We have no community interest with north park and hillcrest east San Diego. Keep our voice and culture together. We worked really hard to build our culture and community for 50 years. Please don't destroy us don't destroy our community and people. Thank you and God bless
