My name is Margaret Rattanachane and I am a resident of Logan Heights. My community consists of many people without shelter, families with lower socioeconomic status, and folks who have unequal opportunities to work. More broadly, my community is all of South County - from Barrio Logan to the border. Our communities have different priorities, but we're united in the belief that all of us should have an equal voice and that's not happening right now. Please draw district lines that line up with what our communities really are.
