I am writing in favor of keeping District 1 unified and in its current form. I live in University City and my children attend public schools in University City. We regularly utilize public spaces in University City and support local businesses. I work at UCSD and commute regularly to and from the campus. In my view, District 1 represents a cohesive community, and splitting it apart would cleave a community in unproductive ways. I have interests spanning the District, and feel they are served by retaining the District's current contours.

Thank you,
Andrew Barton
