As a resident of Carlsbad for more than 15 years, I am requesting the County Redistricting Commission to consider Carlsbad to remain in District 5. We are common in many ways with the cities in North County, such as San Marcos, Vista, Oceanside, and Escondido. These north county cities have many similarities around the environment, such as the ocean, beaches, and open spaces. And we share a similar economic system, including jobs, schools, transportation, housing, and healthcare. We need to ensure the county continues to work with SANDAG to improve public transportation infrastructure. As urban cities face issues of the unhoused community, if we remain in District 5, we could address this issue jointly with the other recommended District 5 cities. Currently, coastal North County cities are mashed with rural East County into a district that didn't serve either community well.

Thank you.
