I am writing to ask you to please maintain a unified North County, represented by one County Supervisor. North County is a "Community of interest" as it shares many common North County institutions such as government agencies, health care entities, youth sports leagues and social & cultural institutions. They are distinct from the City of San Diego and other places in the county. It has a distinct and separate identity that has developed over many decades, and has a very unique demographic all it's own. The coastal, urban and rural areas are interconnected by transportation such as North County Transit and Highways 78 & 76, health care providers and employers. The cities AND the unincorporated areas are BOTH essential parts of the North County identity. If North County's borders are changed, this could drastically affect our culture and representation. It should not be divided up, and we need one Supervisor to represent us at the County Board.

Thank you for your time and attention to this matter.

Warm regards,
Laura Ross
