

County of San Diego

Agricultural and Livestock Pass Program

SCAN ME

This program provides agriculture or livestock operators an ID pass to access properties during an evacuation for the purpose of caring for crops and animals

Verification of a Commercial Operation

A minimum of two verification documents required. The Dept. of Agriculture, Weights and Measures will review and confirm the operation's commercial status.

Accepting Applications

An Ag Pass may be obtained by the owner of an eligible commercial operation and their managerial employee(s). See the QR code or the San Diego County Fire webpage for more information.

Training Required

To receive a pass, participants are required to attend a four hour Fire Safety course that covers fire behavior, entrapment avoidance, evacuation, communications and incident command.
